## Regional in Scope, Global in Services

Lexington Logistics offers a variety of global supply chain solutions to our customers. As an organization with multiple service offerings, we can stand above other transportation providers to offer LTL, intermodal, railcar, reefer, warehousing, and expedited services. We say "yes" to just about every customer and bring added stability to their business. By utilizing our extensive network, we are able to be a global company with the financial strength to handle any size opportunity.

## Logistics professionals who understand your business

Our Lexington office, located just outside Boston, has an insider's understanding of many industries: food and beverage, retail, manufactured and bulk goods. We work closely with customers in these industries to continuously develop and share industry best practices and information. Not only does this mean that our customers deal with logistics professionals who understand their business, but we can also advise them on future trends to insure they remain one step ahead in terms of service, reliability and logistics costs to serve their customers

## LTL Logistics - Simplified

With today's fast paced supply-chain demands, you don't have time to call around to multiple carriers to find someone to take your load. You need to be sure that your shipment will be picked up and delivered on time. You want carriers that you can rely on for top-notch service and competitive rates. You need a way to make LTL Shipping reliable, economical, with easy to use shipping tools designed to fit your LTL shipment needs.

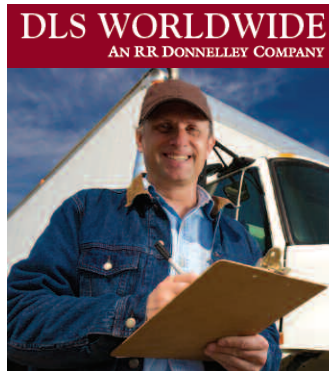

Lexington Logistics has the solution. As the exclusive Boston station for DLS Worldwide, an RR Donnelley Company, we'll simplify your load booking process and provide you with on-line tools and knowledgeable contacts to coordinate all your LTL needs. With a few clicks using our pricing and LTL management software, you're able to shop rates from multiple carriers, schedule your shipments, and manage your shipments and quotes all in one place.

Schedule your transportation with us and benefit from working with a shipping provider that knows your business.

With DLS Worldwide and Lexington Logistics, scheduling your shipments is fast and easy. We can enhance your LTL shipping processes in a variety of ways:

- Obtain instant, reliable rate quotes from multiple top-tier carriers
- Schedule pickups effortlessly
- Quickly print or email your BOLs
- Get instant access to your shipment information
- Use web-based real time tracing tools to track shipments
- Retrieve customized management reports

## International Shipping Done Right

Lexington Logistics is a specialist in import/export ocean and airfreight shipping, inland transportation, shipping insurance, US customs clearance, import/export documentation, and warehousing.

With a powerful service team and a strong network of partners including major carriers, airlines and railroads, our team is able to answer the needs of our domestic and international customers with the most complete and best fit logistic solution. Our top priority is to provide prompt, innovative, quality, efficient and economical shipping options at every step in the logistics process. One of the major advantages we offer is securing service contracts with major carriers for our customers. This allows us to provide the most competitive rates in the industry! These contracts also guarantee space allocation during the peak seasons, which is very important to ensuring our customers receive their products on time.

Specialty Service Lanes include: Far East, Europe and Mediterranean ports, South and Central America, Puerto Rico, and the Caribbean Islands.
